

Listen when you pray

When I am Praying, Asking God For thing's I think should be.
I some time's forget to listen To hear what he's telling me.

Lord I say, give me Patience, Lord I need it now.
I do not wait and hear him answer, Patience, Wait a while.

Lord I say, give me strength, To help me bear a load.
I do not hear him when he answers, I bore it, long ago.

Lord I say, give me the means, To pay some debt I owe.
I do not hear him when he answers, Your Debt was paid, also.

The Lord is there and listens, To all our wants and fears.
But do we hear the answer, that calms our hearts and tears.

You are my Child, I love you so, I paid your price ten fold.
So please accept this love I give, To fill your heart and soul.

So please remember, when you pray, To thank, and bless and praise,
then spend some time, by yourself, And listen when you pray.
